HARAMBEE!

Swahili for „working together towards a common goal“

**This is how we
work on the
ground in Kenya**

HC260244

Every day, children receive warm meals and reliable support.

A sponsorship connects people and changes lives.

THIS IS US

Live and Learn in Kenya Int'l supports children and young people from the Ronda slums of Nakuru. Many grow up in extreme poverty and have no access to education or basic necessities. Our goal is to sustainably improve their living conditions and open up prospects for their future.

SPONSORSHIPS

Sponsorships are at the heart of our work. With €25 a month (€300 a year), a child to receive schooling, school supplies, clothing, and daily meals. At the same time, a personal connection is formed: The children write letters, share stories from their daily lives, and regularly send report cards.

LOCAL SUPPORT

We provide daily care for over 600 children. Through the "Shared Joy" project, donations are directly converted into warm meals. Donors' special occasions, such as birthdays or anniversaries, thus become tangible acts of support.

LLK has built its own school complex in Nakuru - featuring a 9-grade elementary school, a 3-year kindergarten, and a vocational school. To maintain this, we need your help

Small loans create new income opportunities.

SCHOOL CENTER

Many children attend overcrowded public schools where effective learning is hardly possible. That is why we are building our own school center in Nakuru - from kindergarten to vocational school to create better learning conditions in the long term.

MICROLOANS

Many families lack a steady income. With an interest free microloan, we help families start their own businesses and thus build their own income to sustainably provide for their families.

MEDICAL AID

The children receive regular medical care. In addition, we run programs on HIV/AIDS and hygiene to prevent disease and protect families in the long term.

Yes, I WANT TO HELP!

SPONSORSHIP

- I'm sponsoring
- a girl a boy either

You will receive a non-binding proposal with the child's personal story and a photo.
